A. CLEANING & CARE

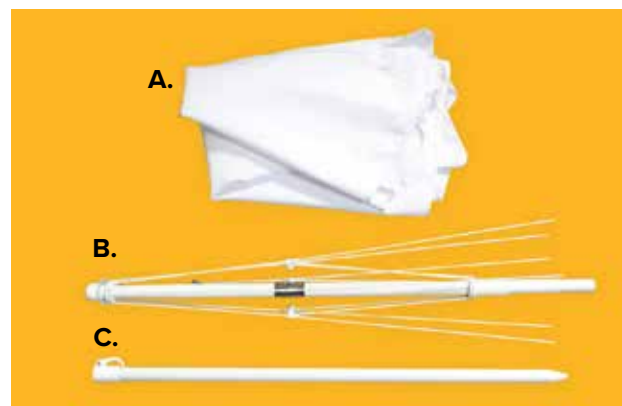

Fabric Care

We recommend that you use a gentle brush with mild soap & water. Then, rinse thoroughly & let it air dry before closing it.

Frame

Use a mild detergent & water to clean the frame. Do not use abrasive materials.

BOX CONTENTS

Verify that you have the following items:

- A. Fabric
- B. Main Umbrella Frame
- C. Bottom Pole

SAFETY

- Keep all heat sources or flames away from this umbrella.
- Do not leave the umbrella unattended
- We recommend that you close up and store your umbrella in windy conditions.
- When opening the umbrella, make sure that the area around is clear & that no one is near the umbrella. Failure to do so may result in damage to the umbrella & personal injury.

B. SETTING UP YOUR UMBRELLA

Step 1
Begin by inserting the Umbrella's frame into the fabric.

Step 2
Place the cap onto the top & push it in until it locks in place.

Step 3
Find a clean & open area to spread your Umbrella fabric & frame.

Step 4
Insert the ribs into the caps located on all corners of the Umbrella's fabric. Repeat this step for all your ribs.

Step 5
Grab your frame & slowly bring it back up. Then, insert your bottom pole into the main pole of your Umbrella frame & lock it in place.

Step 6
Insert your Umbrella into any soft surface or into your selected base.

C. OPENING YOUR UMBRELLA

Step 1
*Make sure that the area around is clear from anything or anyone. Failure to do so may result in damage to your umbrella or injury to someone. Grasp the hub & push up to lock in place.

D. CLOSING YOUR UMBRELLA

Step 1
To close, push the button on the hub & let it come down.

Step 2
Your Umbrella is now closed & you're all set to go.
